 <br> <br> Figure Types and Pattern sizes}

1. Girls'- No defined bustline. Short waist length. Very young figure, not yet developing.
2. Girls' Plus- Slightly developed bustline. Short waist length. Young, growing girl's figure, above average weight in proportion to weight and height.
3. Junior-Height $5^{\prime} 2^{\prime \prime}$ to $5^{\prime} 5^{\prime \prime}$. For the young miss figure.
4. Misses'-Height $5^{\prime} 5^{\prime \prime}-56^{\prime \prime}$ ". Average bust position. Average waist length. Fully-developed, wellproportioned figure considered to be the "average" figure, also the tallest.
5. Miss Petite-Height $5^{\prime} 3^{\prime \prime}$ to $5^{\prime} 3^{\prime \prime}$. Average bust position. Short waist length. Fully developed, but shorter Misses' figure.
6. Women's-Height $5^{\prime} 5$ " to $5^{\prime} 66^{\prime \prime}$. Average bust position. Average waist length. Proportionately larger, more mature figure with slightly longer back waist length measurement due to fuller back.
7. Women's Petite-Height $5^{\prime 2} 2$ " to $5^{\prime \prime} 3$ ". Low bust position. Short waist length. Short, fully-developed figure with narrow shoulders. Bust is smaller in proportion to waist and hips.
8. Boys' and Teen Boys'-Height $4^{\prime}$ to $58^{\prime \prime} 8$ ". Boys who have not yet reached full stature. Shoulders and hips are not as developed as those of a man.
9. Mes'- Approximate height 5 '10". Adult male figure with fully developed shoulders, hips, and neck.
